Berlin-based comedienne Bartuschka resembles the German metropolis in many ways: her performances are just as versatile, surprising and catchy! Bartuschka's trademarks include verbal improvisational interactions with the audience and precisely shaped mime acts. The female mime clown and multilingual mistress of ceremonies also provides fast sketching on stage, comedy juggling, comedy magic and puppetry. So far Bartuschka has been performing throughout Germany as well as in the UK, France, Spain, China, Israel, Poland and Switzerland.

„Bartuschka, the comedienne/mime who introduces proceedings and peppers them with deliciously over-the-top performances and audience participation, is also the gem of the evening.“
